ANIMA CLASS
FULL AUTOMATIC MACHINE

THE SOUL OF THE ESPRESSO

THE GAGGIA SOUL, TRADITION AND MORE THAN 75 YEARS OF EXPERIENCE FINALLY COMBINED IN ONE COFFEE MACHINE: GAGGIA ANIMA. BRINGS HOME THE MASTERY OF A PROFESSIONAL BARISTA TOGETHER WITH THE INNOVATION OF A FULLY AUTOMATIC MACHINE, ALLOWING YOU TO RE-DISCOVER THE PLEASURE OF THE AUTHENTIC ITALIAN ESPRESSO, AS FOUND IN ITALIANS CAFFETTERIA EVERY SINGLE DAY, AT THE TOUCH OF JUST ONE BUTTON. THANKS TO THE ELEGANT DESIGN FEATURES WITH SEVERAL STEEL DETAILS, GAGGIA ANIMA IS A TREAT FOR THE PALATE AS WELL AS FOR THE EYES, ALLOWING YOU TO CREATE YOUR TAILOR-MADE ESPRESSO.

HIGHLIGHTS & FEATURES

INTEGRATED MILK CARAFE

Thanks to the fully integrated double chamber milk carafe, having a perfect cappuccino or a frothed milk, directly in the cup, only takes seconds with just one touch of a button. In a few second you can enjoy your perfect Cappuccino, latte macchiato or milk frothed and also memorize the length of the milk in cup. The milk carafe is cleaned after every use with the unique auto-clean system.

100% CERAMIC GRINDER

Anima is equipped with a robust 100% ceramic grinder that turns beans into a fine powder and extracts maximum flavours, without ever tasting burnt. It has 5 different settings of grind that grant you the finest grind for a full-bodied espresso or a coarser grind for a lighter tasting coffee.

OPTIAROMA

You can select and memorize the amount of coffee required for your perfect Espresso: 5 options available, from 6,5 to 11,5 grams, to adjust the coffee strength to your taste.

ONE-TOUCH BEVERAGE SELECTION

You can prepare your favourite coffee and milk specialties at one touch of a button, thanks to the integrated milk carafe and multi-beverage interface. 6 preset recipes ready to be served in cup at one -touch.

PROGRAMMABLE DISPENSING SYSTEM

Each drink can be fully customized and you can store your preferred settings per coffee and milk beverages for future brews, such as strength, temperature and length.

PRE-INFUSION

Few seconds of pause between the first shower of hot water and the brewing process moisturises the coffee grounds, extracting the full bouquet of aromas, giving your Espresso a unique body and taste.

GAGGIA ADAPTING SYSTEM

The innovative technology of the Gaggia Adapting System adjusts the grinding process, making sure the selected quantity of ground coffee is used for your espresso, whatever blend you choose. Just like a professional *barista*.

REMOVABLE PATENTED BREWING GROUP

It is the heart of the machine. It replicates the actions of a *barista* in an automatic mechanism. An ideal dose of coffee is tamped into a neatly compressed puck and it allows hot water to run through the puck at a suitable pressure for a great coffee.

GAGGIA ANIMA CLASS

It will be your bar at home. Exclusive dark silver painted front panel.

DETAILS
